

Safer Internet Day

Every February, our school celebrates Safer Internet Day to encourage the safe and positive use of technology for children and young people all over the world. This year's theme is *Together for a better internet* and we'd love parents to get involved too.

Our school is using **Be Internet Legends** - a free educational programme from Google and the online safety experts at Parent Zone - to teach our students important internet safety skills through fun classroom activities.

Your involvement at home can help reinforce these key messages and help your child become more confident online. Visit the [Be Internet Legends](https://www.beinternetlegends.com) website to try some fun family activities to help your child learn how to make the internet a safer and kinder place for everyone at [g.co/BeInternetLegends/Parents](https://www.g.co/BeInternetLegends/Parents).

You can also help your child become a confident explorer of the online world with Interland, a free, exciting online game which reinforces the Internet Legends Code at [g.co/Interland](https://www.g.co/Interland).

Be Internet Legends code _____

Be Internet Sharp and Think Before You Share

Knowing what's OK to share on the internet and what's not

Be Internet Alert and Check it's For Real
