

EXPLORERS

Years 1 & 2 Summer 2019

Areas of Learning

As Historians we will be finding out about various explorers from different countries. We will learn about their travels, discoveries and expeditions. We will also learn about chronology by plotting historic expeditions on a timeline.

As Geographers, we will be looking at the journeys that explorers made. We will be using maps and globes to help us locate countries and continents around the world, comparing different areas using geographical language. We will be creating aerial maps of our local area. We will be using Miranda's journey around the world as a guide for our own learning.

As Scientists, year two will be observing and describing how seed and bulbs grow into mature plants and what they need to grow. We will also explore what animals and humans need for survival and health. We will use investigative skills and ask and answer questions using scientific vocabulary.

As Computer Programmers we will be developing our understanding of algorithms by creating simple patterns and instructions which will inform our understanding of computer coding. We will also learn how to communicate safely online.

As Designers and Technologists we will be designing and making pizzas using our outdoor pizza oven.

As Artists we will explore colour using various media. We will also take inspiration of the work of British architects and sculptors when making models of famous landmarks around the world.

As Musicians we will be exploring music from around the world, focusing specifically on pulse and rhythm.

As Athletes we will be running, jumping and throwing as we get ready for our Sports Day events.

As games players we will be working on our attacking and defending to develop our skills ready for team games.

ENVIRONMENT

As **environmentalists** we will compare and explore countries and geographical features around the world.

We will be learning about different types of trees and plants in our environment.

GLOBAL & LOCAL COMMUNITY

In our awareness of our **global and local communities** we will compare and explore our local weather and environment.

We will study the lives of explorers from around the world.

We will explore and compare areas beyond our local community.

SPIRITUAL & MORAL DEVELOPMENT

As **spiritually & morally aware learners** we will be talking about religious stories.

We will be learning about to recognise what is important to ourselves and others and exploring relationships.

CREATIVE ENDEAVOUR

As **learners with creative endeavour**, we will design and make pizzas.

We will explore a variety of different media to create art and sculpture.
